ACCESSIBLE GUIDE FOR JOINING ZOOM MEETINGS

The information in this guide is to help people with intellectual and developmental disabilities (I/DD) access and take part in virtual Zoom meetings (meetings on your computer).

Due to the Covid-19 pandemic, meetings changed from in-person to virtual (on a computer) and not all members of the Kansas BELIEVE team were able to fully participate in our meetings. This guide was developed to help all of the Kansas BELIEVE team participate in virtual meetings and stay connected as a team.

What is Kansas BELIEVE?

Kansas BELIEVE (Building and Expanding Leaders and Individuals, Experience the Vision of Empowerment)

The Kansas BELIEVE team is a partnership between the Kansas Coalition Against Sexual and Domestic Violence (KCSDV) and the Self-Advocate Coalition of Kansas (SACK).

KCSDV is a group of 25 sexual assault and domestic violence advocacy programs across the state of Kansas. The main work of the KCSDV is to support this group of programs by increasing public awareness through education and advocacy, looking for new options for services and funding, and by working for social justice.

SACK is a statewide advocacy group made up of adults with intellectual and developmental disabilities (I/DD). SACK's mission is to promote empowerment and independence for adults with developmental disabilities. Its vision is that all Kansans with I/DD will have the opportunity to share their opinions and make choices to create a life where they are treated with the same dignity and respect as persons without disabilities.

The partnership between KCSDV and SACK began in 2012 when gaps in services for people with I/DD who are survivors of sexual violence were noticed. Sexual assault advocacy programs are not well informed about how to provide services in an accessible way to survivors with I/DD. The service providers for people with I/DD are not always aware of sexual assault advocacy program services and options available to survivors.

As a result of the wish to address the gaps in services, KCSDV and SACK sought funding from the Education, Training and Enhanced Services to End Violence Against and Abuse of Women with Disabilities Grant Program from the Office on Violence Against Women (OVW). OVW funded our partnership in 2014 and again in 2018. OVW has chosen the Vera Institute of Justice (Vera) as the national technical assistance provider. Help from Vera and OVW offer the support needed for lasting systems change.

How to download Zoom on your computer

1. Open your computer's internet and go to Zoom.us/download

This will show on your screen:

Zoom Client for Meetings

The web browser client will download automatically when you start or join your first Zoom meeting, and is also available for manual download here.

2. Select (click) on the word "DOWNLOAD" and Zoom will begin downloading.

You only have to "download" Zoom 1 time - not every time.

CONGRATULATIONS!

You are now ready to connect to others using Zoom.

ACCESSIBLE GUIDE FOR JOINING ZOOM MEETINGS

Sometimes a box opens and asks you to enter a Meeting ID. This number will be in the email you received from the host of the meeting. The meeting ID is set of numbers.

Example: Meeting ID 111 222 3344

The screenshot shows a white dialog box titled "Join a Meeting". At the top, the text "Join a Meeting" is displayed in a large, bold, black font. Below this is a light blue rectangular input field containing the placeholder text "Meeting ID or Personal Link Name". Underneath the input field, a smaller line of text reads "Your meeting ID is a 9, 10, or 11-digit number". At the bottom of the dialog box is a prominent blue button with the word "Join" written in white text.

Sometimes a box will open, and you may need to enter your name. What you put as your name is what everyone in the meeting will see.

The screenshot shows a Zoom application window titled "Zoom" with a close button (X) in the top right corner. The main heading is "Enter your name". Below the heading is a text input field labeled "Your Name" with the name "Ken" entered. Underneath the input field is a checked checkbox with the label "Remember my name for future meetings". At the bottom of the dialog are two buttons: a blue "Join Meeting" button and a white "Cancel" button with a grey border.

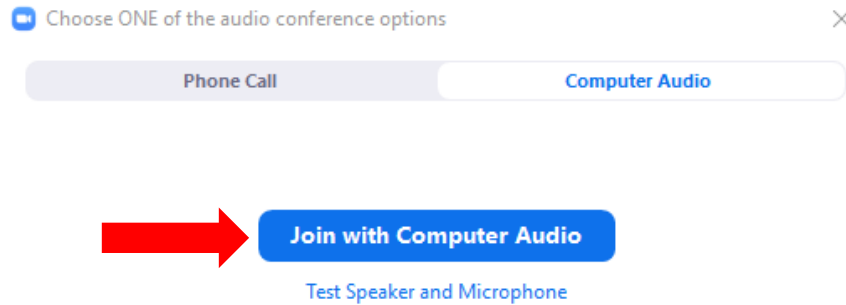

This message may show up on your screen.

Please wait, the meeting host will let you in soon.

6. The next box that will show on your computer screen will ask if you want to “Join with Computer Audio.” Here is an example of what you might see on your screen.

If you are using your computer to listen, chose “Join with Computer Audio”

If you have a web camera, select (click) “Join with Video.” If you do not have a web camera, select (click) “Join without Video.”

Options While You Are in a Zoom Meeting

A red line across the microphone means you cannot be heard by other people. A red line across the video camera means you cannot be seen by other people.

To select what you want to do, put your cursor  over the picture and select (click).

ACCESSIBLE GUIDE FOR JOINING ZOOM MEETINGS

To mute (not be heard) or unmute (to be heard), select (click) the microphone picture 1 time to add or take away the red line. RED LINE means mute. If you are muted, other noises around you cannot be heard, this helps everyone in the meeting hear the person who is speaking.

NO RED LINE means the camera is ON. To turn camera OFF, select (click) the camera picture 1 time. Red line over the camera means OFF.

Select (click) "Enter Full Screen" to make the Zoom meeting fill your computer screen. To make the Zoom meeting smaller on your screen, select (click) "Exit Full Screen."

When the meeting is over, or if you want to stop attending the meeting, select (click) "Leave meeting"

ACCESSIBLE GUIDE FOR JOINING ZOOM MEETINGS

Other options you might see at the bottom of the Zoom meeting screen.

If you select (click) “Participants,” this will show a box with the names of all the people who are attending the meeting.

You have options in the “Participants” box.

Ask the host about using this option. To use this option, select (click) on the hand if you have a question or comment.

The host may ask you to use these to answer a question. Select (click) on one to answer.

Select (click) on one of these to let the host know you need them to go slower or faster.

ACCESSIBLE GUIDE FOR JOINING ZOOM MEETINGS

If you select (click) “Chat,” you can leave a comment for everyone (not private), the host only (private), and sometimes another person attending the meeting (private).

When you select (click) on “Chat,” a box will show on your screen.

A screenshot of the Zoom chat interface. At the top, there is a dropdown arrow on the left and the word "Chat" in the center. Below this is a large empty text area. At the bottom, there is a "To:" label followed by a blue pill-shaped button containing the word "Everyone" and a small downward arrow. To the right of this is a grey "More" button with a downward arrow. Below the "To:" button is a text input field with the placeholder text "Type message here...". A red arrow points from the left towards the input field. Another red arrow points from a text box on the right towards the "Everyone" button. The text box contains the following text: "You can select who sees your chat message by selecting the blue arrow. This will show you names of host and participants." followed by a blue square with a white downward arrow and the text "You can pick Everyone (not private), the host only (private), and sometimes another person attending the meeting (private).".

Chat

You can select who sees your chat message by selecting the blue arrow. This will show you names of host and participants.

You can pick Everyone (not private), the host only (private), and sometimes another person attending the meeting (private).

More Options While You Are in a Zoom Meeting

If you select (click) on “Share Screen” you can share something from your screen with everyone attending the meeting.

The host may lock this option, so it may not be available.

If you select (click) “Reactions” this lets you pick the “hands clapping” image or the “thumbs up” image. After you select an image, it will appear in the same box as your video.

After you select “thumbs up” or “hands clapping,” they will appear for others to see in the same box as your video.

The image will disappear after a few seconds.

The “Reactions” images   are nice to use when you want to share how you are feeling about something that was said or discussed.

IMPORTANT THINGS TO KNOW WHEN IN A ZOOM MEETING:

If you are using a phone:

- Push star (*) and the number 6 on phone keypad. You will hear “your line is now MUTED.” No one can hear you talk.
- If you are muted, other noises around you cannot be heard, like a dog barking, other people talking, the TV, or the radio.
- It is nice to keep your phone on mute unless you are speaking.
- Muted phones help everyone in the meeting to hear the person who is speaking.
- Push star (*) and 6 again and your phone will be “UNMUTED.” People can hear you. There may be a few seconds of delay, but you may speak after you hear “your line is unmuted.”

****IMPORTANT SAFETY TIPS TO KNOW IF YOU ARE HOSTING A ZOOM MEETING****

Tips to Secure Online Meetings

This was adapted (modified) from,

<https://news.vanderbilt.edu/2020/04/02/vuit-offers-tips-to-secure-zoom-meetings-avoid-zoombombing/>

1. The host should make sure that participants enter the password before joining the meeting. Remember to never share your meeting ID or password.

2. Use the “Waiting Room” option to decide who can enter the Zoom meeting.
3. It is helpful to have someone host the meeting with you (co-host) to help manage participants. The co-host can help people who are joining the meeting and people who type messages in the chat box.
4. Tell participants to use a virtual (computer) background from Zoom so everyone cannot see your personal surroundings (what is behind you).

ACCESSIBLE GUIDE FOR JOINING ZOOM MEETINGS

5. Do not allow files to be shared (sharing documents) on Zoom. Use other options to share materials and documents. This will protect your documents from being accessed and seen by people you do not know.
6. Zoom has stopped allowing people attending meetings to share their screen. This was done to make Zoom meetings safer for everyone. If people need to share their screen, the host will have to allow your screen to be shared.

What is Zoom-Bombing?

Zoom-Bombing is when an uninvited person disrupts the zoom meeting. They may put mean and disrespectful words, drawings, or pictures on the computer screen for everyone to see.

How to Prevent “Zoom-Bombing”

Zoom has already taken steps to limit Zoom-bombing. For more information on how to keep yourself safe from Zoom-bombing, please see the Resources on page 19.
